General Disclosures Regarding the Indices:

The S&P Healthcare Claims Indices (the "Indices") are calculated by S&P Dow Jones Indices LLC ("S&P DJI") based on healthcare claims data. The Indices are not based on securities and the Index values do not represent the results of actual trading of investible securities. The Indices are calculated based on healthcare claims data that are provided by various insurance plans pursuant to data license agreements. Such data license agreements permit S&P DJI to use the data to calculate the Indices. The data license agreements may be terminated by S&P DJI or the data providers, which may result in interruptions in calculating the Indices, or termination of the Indices or a subset of the Indices. In order to protect the confidentiality of the data, S&P DJI will not publish the Indices if certain thresholds are not met. The purpose of these thresholds is to ensure that the Indices cannot be reverse-engineered to reveal confidential data. These thresholds are explained in the index methodology.

The Indices do not reflect real time data with respect to healthcare claims. There is a lag between when a healthcare claim is incurred and when such incurred claim will be reflected in the Indices. More information on the lag times is available at www.healthcare.spdji.com.

Disclaimers and Limitations of Liability:

This document does not constitute an offer of services in jurisdictions where S&P Dow Jones Indices LLC, S&P, or their respective affiliates do not have the necessary licenses.

Although S&P DJI and its data providers have taken certain steps to validate the data used to calculate the Indices, S&P DJI AND ITS THIRD PARTY DATA PROVIDERS AND LICENSORS (COLLECTIVELY "S&P DOW JONES INDICES PARTIES") DO NOT GUARANTEE THE ACCURACY, COMPLETENESS, TIMELINESS, OR AVAILABILITY OF THE INDICES OR ANY DATA CONTAINED THEREIN. S&P DOW JONES INDICES PARTIES ARE NOT RESPONSIBLE FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS IN CALCULATING OR PUBLISHING THE INDICES, REGARDLESS OF THE CAUSE, OR FOR THE RESULTS OBTAINED FROM THE USE OF THE INDICES. THE INDICES ARE PROVIDED ON AN "AS IS" BASIS. S&P DOW JONES INDICES PARTIES DISCLAIM ANY AND ALL EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE INDICES, ANY DATA CONTAINED THEREIN, AND ANY INFORMATION CONTAINED ON THIS WEBSITE. In no event shall S&P Dow Jones Indices Parties be liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special, or consequential damages, costs, expenses, legal fees, or losses (including, without limitation, lost income, lost profits, or opportunity costs) in connection with any use of the Indices even if advised of the possibility of such damages.

It is not possible to invest directly in an index. Third parties may offer financial products or transactions based on the Indices that are intended to offset the risk of adverse price movements that may result from related investments or exposures. The insurance plans and data providers that provide data to S&P DJI for use in the calculation of the Indices may offer or enter into such transactions. In such case, there may be conflicts of interest between the data contributor or insurance plan's obligations pursuant to the data license agreement with S&P DJI and its interests in the financial products. S&P DJI does not sponsor, endorse, sell, promote, or manage any financial products or transactions based on the Indices and S&P DJI makes no representation regarding the advisability of entering in any such transactions. S&P DJI does not manage actual assets. S&P DJI makes no assurance that financial transactions based on the Indices will

accurately track Index performance or provide a particular result or return. S&P DJI is not an investment advisor. A decision to enter into any such transaction should not be made in reliance on any of the statements set forth in this document. Prospective investors or counterparties are advised to enter into such transactions only after carefully considering the associated risks, including potential conflicts of interest, as detailed in an offering memorandum or similar document that is prepared by or on behalf of the issuer or dealer.

Performance Disclosure:

The first value date of the Indices was March 2008. The launch date of the Indices was October 2, 2013. The index returns during the period from the first value date to the launch date are back-tested; the Indices were not “live” during this period.

The back-tested performance of the Indices is different from the actual performance of the Indices, which began on the launch date. The back-tested index values were calculated based on the same methodology that was in effect when the Indices officially launched, however the back-tested values were prepared with the benefit of hindsight.

Past performance of an Index is not an indication of future results. Prospective application of the methodology may not result in performance commensurate with the back tested results (i.e. the historical index values prior to the launch date). The back-test period does not necessarily correspond to the entire available history of the Index.
