

SPICE[®]

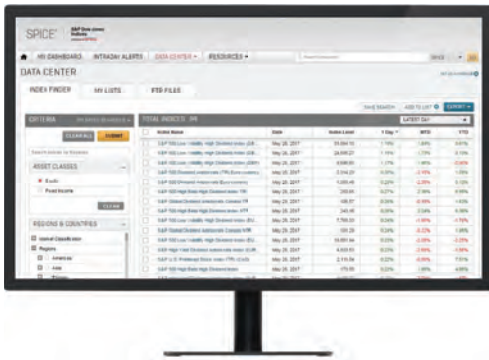

Your gateway to index data

S&P Dow Jones Indices

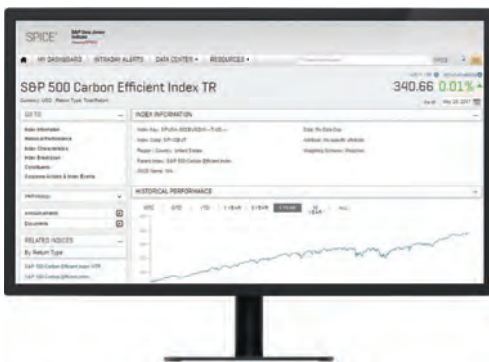

A Division of **S&P Global**

SPICE is a powerful platform that delivers a wealth of data on more than 250,000 equity and fixed income indices. Redesigned in 2017 with a fresh new interface, SPICE is more flexible and easier to use than ever.

Index Finder lets you pinpoint indices that match your specifications.

- Search our database using detailed criteria for attributes such as country, region, sector, and size.
- Explore indices within theme-based categories such as ESG, dividends, and factors.
- Refine your results based on keyword.

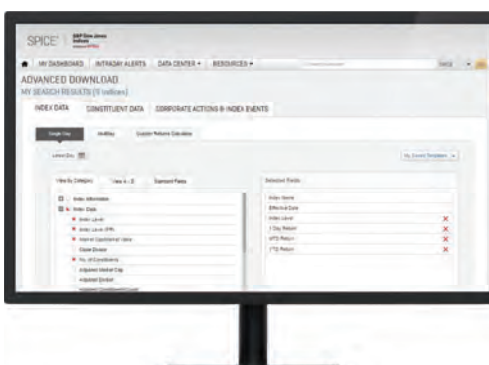

Index Pages serve up detailed data for ad-hoc analysis or to include in presentations.

- View historical performance graphs, constituent weights, and upcoming corporate actions.
- Get at-a-glance information about index concentration with country and sector allocation charts.
- Export data with a single click.

Intraday Alerts keep you current on corporate actions and events that impact our U.S. indices.

- Access new updates four times daily.
- Filter events for just those that are relevant to you, such as constituent additions and removals.
- Download events in Excel or individually as PDFs.

Advanced Download lets you customize your queries and compare indices.

- Download index-level, constituent-level, or corporate action data.
- Easily add and remove fields, or adjust your data frequency and time period.
- Save your report templates and index lists for convenient future access.

What's New

The latest release of SPICE includes a range of enhancements that improve access to index data and information. Log in to discover:

- A new dashboard that gives you an at-a-glance view of your world in SPICE
- A dedicated Intraday Alerts page with the ability to filter index events
- A new tool that lets you calculate returns for custom date ranges
- The addition of fixed income indices—approximately 1,500 at launch
- Improved search capabilities that provide more-refined results
- Enhanced graphical display of sector, country, and currency allocation data

Discover a World of Data

Here's just a sampling of what you'll find on SPICE*:

- S&P 500 index-level data from 1928, constituents from 1964, and adds and drops from 1989
- The S&P Global BMI family, which includes thousands of indices across developed and emerging markets, with index and constituent data dating back to 1989
- Factor indices that let you benchmark smart beta strategies going back 20-plus years
- A comprehensive suite of ESG indices including clean energy indices, fossil fuel-free indices, and the world's leading sustainability indices

* Access is dependent on your subscription.
