**Avis Budget Group Set to Join the Dow Jones Transportation Average and American Water Works to Join the Dow Jones Utility Average**

**New York, NY, September 23, 2014** – Avis Budget Group Inc. (NASDAQ:CAR) will replace GATX Corp. (NYSE:GMT) in the Dow Jones Transportation Average, and American Water Works Company Inc. (NYSE:AWK) will replace The Williams Companies Inc. (NYSE:WMB) in the Dow Jones Utility Average after the close of trading on Tuesday, September 30. The changes will be effective with the opening of trading on Wednesday, October 1. The index changes were prompted by a review of the components' current Global Industry Classification Standard (GICS) industry groups, and the Averages Committee's desire to ensure the Dow Jones Transportation Average and the Dow Jones Utility Average are representative of the stock performance of large, well known U.S. companies within the transportation industry group and utilities sector, respectively. GATX is currently assigned to the Capital Goods industry group, and The Williams Companies is assigned to the Energy Sector.

Avis Budget Group, headquartered in Parsippany, NJ, provides car and truck rentals, car sharing, and ancillary services to businesses and consumers.

American Water Works Company, headquartered in Voorhees, NJ, provides water and wastewater services.

The changes won't cause any disruption in the level of the Indices. The divisor used to calculate the Indices from their components' prices on their respective home exchanges will be changed prior to the opening on October 1. This procedure prevents any distortion in the indices' reflection of the portion of the U.S. stock market they are designed to measure.
